

## HIP Housing Seeking Volunteers

Human Investment Project Housing (HIP Housing) is a non-profit organization based in San Mateo County that specializes in affordable and creative housing solutions. Each year, HIP Housing helps 1,400 people find housing or keep their homes through our Home Sharing, Self Sufficiency, and Property Development Programs. We could use your help with program outreach, database and email list clean-up, and more. Each of the following projects take 1-2 hours per week.

### Farmers Market

On the 2nd and 4th Tuesday of the month, a Farmers Market is organized at HIP Housing's Edgewater Isle property for low-income seniors. Volunteers are needed from 9:30-11:30 to help organize and distribute food items.

### Home Sharing flyers

Once a month, HIP Housing prepares two flyers featuring sample lists of our clients providing or seeking housing. We distribute the flyers to a list of community partners who then refer potential clients to us. We need help cleaning-up our distribution list of community partners. It is critical that our distribution list stays current so that we can help people find housing and stay in their homes. Translating the flyers to Spanish is also needed.

### Luncheon Help

HIP Housing will host our annual luncheon on Friday, May 5 to fundraise for our innovative affordable housing programs. Our fundraising team could use your help on the day of the event for 2-hour shifts between 7 am - 4 pm with tasks such as set-up, ushering, and clean-up.

### Tutoring

HIP Housing's Self Sufficiency Program assists low-income families with coaching and housing support while adult parents are in school. The program is always in need of volunteer tutors to work with the youth in the program. Most students need help with math, science, reading, or language subjects. The tutoring can be done virtually.
